### 2010 PLACES IN PERIL ANNOUNCED

In observance of National Historic Preservation Month, the Alabama Historical Commission (AHC) and the Alabama Trust for Historic Preservation (ATHP) announce Alabama's most endangered places for 2010.

Since 1994, the AHC and the ATHP have joined forces to sponsor *Places in Peril*, a program designed to highlight some of Alabama's most significant endangered historic sites.

"Places in Peril is a valuable tool in directing public attention to the many historic places in Alabama that are under threat from neglect or demolition," said Frank White, executive director of the AHC.

David Schneider, executive director of the ATHP states, "This list reminds us that much remains to be done to help Alabamians recognize that our historic places are essential assets for community revitalization. These places also represent one of the greenest approaches to providing places in which to live and work."
